I allege Devinare Antwan Parker has violated conditions of supervision by:

Violation Number	Nature of Noncompliance
1.	Consuming fentanyl, on or about February 18, 2025, in violation of a mandatory condition of supervise release.

## United States Probation Officer Action:

On February 18, 2025, Mr. Parker reported to the probation office and proved a urine sample which returned presumptively positive for cannabinoids and fentanyl. When I confronted Mr. Parker, he adamantly denied consuming any illicit substances. The sample confirmed positive for fentanyl and negative for cannabinoids at the national laboratory. While Mr. Parker has a history of substance use disorder and admittedly consumed illicit substances while on pretrial supervision, he has not tested positive for fentanyl and all subsequent tests have been negative. It appears this was an isolated incident; therefore, Mr. Parker has been verbally admonished and will be monitored for continued consumption of illicit substances through testing and routine contacts. He is overall stable and engaged in college courses and mental health counseling.

I consulted with Assistant United States Attorney Katherine Collins, and she concurs with my recommendation.

I respectfully recommend the Court endorse my actions.

I swear under penalty of perjury that the foregoing is true and correct.

Executed on this 1st day of April, 2025.
